Release your voice, whether you're an industry or a consumer. Gain what METSoc can do for you.

Member Benefits

See CIM membership to gain the most from your membership. It's right for you.

Resources

Technical papers, video training. Bring it home. Access the industry's technical content to share.

About CIM

CIM was formed only 7 years after Canada was founded. The result of individuals in the mining industry coming together to work for the betterment of the industry and the well-being of the country. CIM has almost 100 years of history and is a leading industry professional association. Being a member affords you the benefits of CIM and the industry provided by CIM and the other industries that take up our banner.
